The DISH Player-DVR 510 is a DISH Network satellite receiver that is capable of recording up to 100 hours of programming on a 120 GB hard-drive. DISH Player-DVR 510 also includes DISH Video-On-Demand Service that provides the ability to pause live TV, record any type of DISH Network programming, skip recorded commercials and create instant replays.

FEATURES

- DISH Video-On-Demand Service provides the ability to pause live TV, play, stop, fast forward and fast reverse at 4 speeds (4x, 15x, 60x, 300x), skip forward (30 seconds), skip back (10 seconds), view in slow motion or frame-by-frame, set manual/auto record event timers and quick record, and also includes recorded events management features to play, delete or protect a recorded event.
- 120 gigabyte hard drive capable of up to 100 hours of 100% digital video recording. Actual recording time will vary depending on content type being recorded.
 - Record a live program while watching a pre-recorded program from the hard drive.
 - Records Dolby® Digital when available.
- Extended Electronic Program Guide (EPG), with up to seven days of programming, is stored onto the hard drive for quick and easy access to listings information. Use Search to look for favorite program names, subjects or actors.
- 50 automatic and manual event timers can be used to program the satellite receiver to record directly to the hard drive, automatically tune to a program at a designated time or to command a VCR using infrared blast to record selected events (VCR must be powered on).
- Optical digital output for Dolby® Digital and Linear PCM digital audio.
- Standard features include parental control locks, program information, themes lists, favorites lists, browse, one-touch channel return, closed caption support and alternate audio support.

REMOTE CONTROL

- "Platinum" UHF/Infrared 4-Component Universal Remote Control – controls satellite receiver up to a distance of 100 feet through walls and other obstructions and can be programmed to operate (via infrared) up to three additional components, such as TVs, VCRs and DVD players.
- DISH Video-On-Demand buttons: skip forward, skip back, stop, play, pause, forward, back, record.
- DVR button provides one-touch access to the Recorded Events Menu.
- "TV Power" button.
- "DISH" button for one-touch access to DISH Home Interactive TV.
- Platinum Remote Control Part Number: 113143

* Requires Caller ID subscription with local phone company, Phone line must be connected to receiver. Dolby is a trademark of Dolby Laboratories.
