

Bubble Enclosure for Meraki MR Access Points

Ventev's new polycarbonate bubble enclosure is designed to accommodate the Meraki MR32, MR34, and MR42 access points. This enclosure is designed for indoor use to protect the MR32, MR34, and MR42 access points from damage caused by tampering or theft. The enclosure, made from polypropylene material, is durable, extremely affordable and is simple to install. The solid cover prevents visual access to the AP in a visually-pleasing and stealthy solution. It is perfect for a variety of applications where a tamper-proof and **aesthetically-pleasing** design is critical.

Every Ventev enclosure is covered by the company's two-year TerraNet warranty program. For questions and to purchase product, contact a Sales Rep at 877.312.4547 (EST), or go to www.solidsignal.com, Live Chat is available!

Bubble Enclosure for Meraki APs:
Part #: V2-12083-W
SKU: 582296

Product Highlights

- ◇ Low cost universal solution that can be wall or ceiling mounted
