

WINEGARD®
METROSTAR® DIGITAL 360
 VHF/UHF AMPLIFIED OMNIDIRECTIONAL

The ultimate cord-cutter antenna because of its slim size, built-in amp and 360° reception

OUTDOOR
HD Antenna

SIMPLE INSTALLATION

Omnidirectional reception means you pick up signal from all directions, no rotor needed

Built-in pre-amplifier allows you to boost signal right at the antenna, making up for signal loss from long cable runs and splitters

Easily installed with simple hand tools on any antenna mast (mast not included)

Low profile design meets HOA requirements; perfect for condos or homeowners association neighborhoods

- Mileage range: up to 35 miles*
- Receives VHF and UHF signals
- Antenna dimensions: 14.88" w x 6" h
- Unit weight: 2.8 lbs
- 90 day limited warranty

Includes: Amplified Antenna Head, Mounting Hardware, Power Supply and Injector *(mast not included)*

*Antenna mileage figures based on average terrain. Actual receiving distance will vary based on transmitting power, transmitting antenna tower height, lobal pattern of transmitter, height of receiving antenna, weather conditions and terrain between receiving path including trees, buildings, hills, mountains, etc.
